### DESCRIPTION

The Laser workstation has a unique electrical supply, powerful enough to drive a laser jet printer, PC and monitor. Designed to give businesses flexibility, mobility and increase productivity by allowing the printing and filing to take place anywhere in the warehouse or yard. Employee efficiency is paramount to a successful warehouse operation, and a reduction in the time standard tasks take to perform will save valuable costs.

### FEATURES

- Robust steel construction
- Adjustable shelves
- Lockable door
- Lockable double bearing castors
- True sine wave electrical supply
- Charger and battery level gauges
- Simple 'plug in to recharge' socket

### OPTIONS

- Extra batteries for longer run times
- Choice of colour

### TECHNICAL SPECIFICATION

- Absorbed glass matt 12v batteries
- 300w true sine wave inverter
- 3 step micro processor controlled charger
- Input voltage 240 volts
- Output voltage 220-250 volts AC
- Capacity - dependant on electrical configuration

### DIMENSIONS

- Width: 550mm
- Depth: 1050mm
- Height: 1105mm

model: laser

adjustable shelving and storage

monitor holder
