## DESCRIPTION

Leaders in the hospitality and leisure industry understand the importance of first class customer service. The compact design of the Satellite wireless workstation compliments the size and aesthetics of touch screen EPoS systems, and provides an independent power supply from which they can operate. It can be easily moved into position both indoors and out and is ideal for pub gardens, functions and events.

## FEATURES

- Durable MDF laminated construction
- Lockable door
- Metal base and door
- Fully vented internal storage
- Steel storage shelves for utensils and condiments
- Lockable double bearing castors
- True sine wave electrical supply
- Charger and battery level gauges
